MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Support for Professional Organizations

1. I strongly support and encourage membership in such professional military organizations that exist to support us either as members of the National Guard or in our professional capacities. While membership remains a personal choice, it is my hope and desire that individual Guard members will consider joining any professional military organization(s) which they find of interest. It is important that we take advantage of every avenue available for professional information, development, education, and involvement.
2. I do not endorse any specific professional organizations. However, I do encourage you to consider the benefits of membership in organizations such as: The National Guard Association of California (NGAC), The National Guard Association of the United States (NGAUS), the Enlisted Association of the National Guard of the United States (EANGUS), The United States Army Warrant Officers Association (USAWOA), Sergeants Major Association (SMA), Association of the United States Army (AUSA) and The Air Force Association (AFA). This list is not intended to be inclusive of all the professional organizations which provide benefits to you and the California National Guard. I urge you to explore the benefits of membership these and any other professional organizations which benefit the California National Guard.
3. Thank you for your contributions to the California National Guard.

WILLIAM H. WADE II
Major General
The Adjutant General
