## 1. Best Retention Award.

a. The chapter award for retention was computed based on the following criteria:

(1.) Chapter strength was determined based on the average strength for the award year. This figure was derived from the semi-annual meeting reports.

(2.) Life members were subtracted from each chapter's average strength. This gave a baseline membership for computing the renewal percentage.

(3.) The total amount of chapter renewals was computed based on the monthly rebate reports.

(4.) The total chapter renewals are then divided by the average chapter membership strength to give the percentage of chapter renewals.

b. Determination of award nominees: The committee nominated all active chapters that met a 90 percent or higher renewal rate.

c. Award Winner: The Chapter with the highest resultant percentage.

## 2. Best Recruiting Award.
